- ◆ Do you know why the Church encourages Natural Family Planning (NFP)?
- ◆ Did you know modern NFP is scientifically based and extremely reliable and effective at avoiding pregnancy?
- ◆ Did you know NFP is the most reliable method to obtain pregnancy?
- ◆ Would you like to learn what to do to use NFP?
- ◆ Are you engaged or married and need to learn about NFP?
- ◆ Did you know NFP can help women find medical problems before they become serious?

If you have any of the above questions, or any other NFP questions, this workshop is for you. Please join us in welcoming David Pacella and Dr. Jauregui as they discuss the Church theology of NFP. They will also explain what NFP is and why it works. A question and answer session will follow. Opportunities will be available to sign up for more information and to attend classes for further instruction.
